Nice DLC! Wish there wer more!. Well considering i bought this when it was on sale today for 75% off this is basically a good start for beginners if they wait for it's on sale. For the start two rare items and a golden legendary that will be used for a very long time. For me playing this game for about 6,650 hours it's a good start for the dlc items, Even old crusaders over event ones are still useful depending on the stage.. Nice DLC! Wish there wer more!. Wait for it to go on sale cus its pretty worthless at ten dollars.. Got this for u00a31.74 Christmas time very good package that give a really nice boost to the game starting out and was nice as some family fun to open boxes.. Get this if you just want a tiny more boost to your crusaders and plan on using Jim for his buff.its "ok" but you won't use him in formations with "low numbers" of crusaders.
